Access Just Got Smarter

The ASHGROVE by McGrath Smart Locks is a sleek and stylish lock, designed and manufactured with an emphasis on quality materials and durability. Featuring a tempered glass screen with braille raised buttons to improve usability in all environments, this 4 in 1 digital door lock provides a versatile and convenient method of entry that allows you to easily manage who has access to your property.

Utilising the powerful McGrath Locks App, lock and user settings are easily configured and managed. Access can be provided to family and visitors alike through PIN code, RFID credential and eKeys managed via BLE and mechanical key override. The ASHGROVE is supplied with a door sensor for optional door position monitoring and can be connected to a gateway giving you the ability to unlock your door from anywhere in the world using the McGrath Locks App.

The ASHGROVE is equipped to suit the most demanding of applications and has been constructed using fire resistant materials including an IP65 weather rating on the outside assembly. It is supplied with a stainless steel anti-saw adjustable backset bolt.

- **Bluetooth**
- **PIN Code Unlock**
- **RFID Unlock**
- **Key Override**
- **Wi-Fi (Gateway required)**

McGrath SmartLocks
